

Curriculum Vitae

Yoichi Hoshimoto (Ph.D.)

*Center for Future Innovation (CFi), Graduate School of Engineering
Osaka University, Japan*

Biography

Yoichi Hoshimoto received his M.Sc. and Ph.D. from Osaka University under the supervision of Professor S. Ogoshi in 2013. He then joined the Frontier Research Base for Global Young Researchers, Osaka University as a tenure-track assistant professor (2013-2018). Then, he was promoted to Associate professor in the Department of Applied Chemistry, Graduate School of Engineering, Osaka University (2018). He has been recognized as an “Outstanding Young Researcher (PI)” since 2023 and as a “TechnoArena Professor” since 2025 at the Center for Future Innovation (CFi), Graduate School of Engineering, Osaka University. His recent research interests include homogeneous catalysis with transition-metal, and main-group-element complexes and the development of original N-heterocyclic carbenes.

Born: 28th March, 1986 in Nagano, Japan.

Contact Address: C4-612, 2-1 Yamadaoka, Suita, Osaka 565-0871, Japan

E-mail: hoshimoto@chem.eng.osaka-u.ac.jp; **Phone:** +81-6-6879-7394

ORCID: <http://orcid.org/0000-0003-0882-6109>

Research Gate: https://www.researchgate.net/profile/Yoichi_Hoshimoto

Google Scholar Profile: <https://scholar.google.co.jp/citations?user=HsLrShsAAAAJ&hl=ja>

Education

- 2013 **Ph.D.** Department of Applied Chemistry, Faculty of Engineering, Osaka University, Japan (Supervisor: Prof. Dr. Sensuke Ogoshi)
- 2013 **Exchange Ph.D. Student**, Department of Chemistry, Queen’s University, Canada (Supervisor: Prof. Dr. Cathleen M. Crudden)
- 2010 **M.S.** Department of Applied Chemistry, Faculty of Engineering, Osaka University, Japan
- 2008 **B.S.** Department of Applied Chemistry, Faculty of Engineering, Osaka University, Japan

Professional Experiences

- 2025-present **TechnoArena Professor**, Center for Future Innovation (CFi), Graduate School of Engineering, Osaka University
- 2023 **Visiting Professor** at Ruhr University Bochum, Germany
- 2023-present **Outstanding Young Researcher**, Center for Future Innovation (CFi), Graduate School of Engineering, Osaka University
- 2018-present **Associate Professor**, Department of Applied Chemistry, Faculty of Engineering, Osaka University

2013-2018	Assistant Professor (Tenure track), Frontier Research Base for Global Young Researchers, Osaka University
2010-2013	Research Fellow , Japan Society for Promotion of Science (DC1)
2011-present	Otsu Academy Award Fellow Membership for selected young Japanese chemists, founded in 2010 by Profs. Drs. H. Yamamoto, M. Shibasaki, and K. Maruoka under the sponsorship of MSD Life Science Foundation
2019-2020	The 2019 Early Career Advisory Board of <i>ACS Catalysis</i> (<i>ACS Catal.</i> 2019 , 9, 3588.)
2022~	Scientific Advisory Board of <i>ChemRxiv</i>
2024~	Early Career Board member of <i>Precision Chemistry</i>

Awards

2025	The Young Scientists' Award by the Minister of Education, Culture, Sports, Science and Technology (MEXT)
2024	Yazaki Academic Incentive Award
2024	Thieme Chemistry Journals Award
2024	Merck-Banyu Lectureship Award The prestigious award given annually to exceptional BCA winners who exhibit a well-balanced mix of originality, creativity, and overall potential of their research programs.
2023	Chemist Award BCA One of the top awards for young Japanese chemists, given by MSD Life Science Foundation
2023	Poster Award on Sustainable Future: Dream Reactions with Hydrogen (Münster, Germany, 2023)
2023	Award for Encouragement of Research in the 32nd Annual Meeting of MRS-Japan
2021	The 61th Research Grant Award of Ube Industries Foundation
2018	The Chemical Society of Japan Award for Young Chemists A prestige award for CSJ members younger than 36 years old who demonstrate significant research results in fundamentals and applications of chemistry.
2016	The Chemical Society of Japan Presentation Award
2014	The Honorable Mention in 2014 IUPAC-SOLVAY International Award
2014	Tosoh Award in Synthetic Organic Chemistry, Japan
2012	The Chemical Society of Japan Student Presentation Award
2011	Poster Prize on 16th IUPAC International Symposium on Organometallic Chemistry Directed Towards Organic Synthesis (OMCOS 16) (Shanghai, China, August 2011)
2009	Poster Award on 56th Symposium on Organometallic Chemistry (Kyoto, Japan, September, 2009)
2008	Royal Society of Chemistry Best Poster Award on International Conference on Advanced Organic Synthesis Directed toward the Ultimate Efficiency and Practicability (Shiga, Japan, May 2008)
